Dear Sir:

For the past several months many members of the Wellesley Amateur Radio Society have expressed an interest in visiting your transmitting facilities along Route 128 in Needham. Our Amateur Radio Club meets once a month on the first Tuesday or Wednesday of the month.

The purpose of this letter is to ask if it might be possible to visit your transmitter on Wednesday, April 3rd about 8:00 in the evening. It is expected that there should be about 15 members of our Club present.

It is not known whether it is possible for our Club to visit in the evening. I would greatly appreciate a reply to our request at your convenience.

Yours very truly,

Walter E. Lenk K1YTY
Secretary
Wellesley Amateur Radio Society
